

There are three critical dates for potential submitters of technical papers for Underwater Intervention 2012

**EARLY DECISION DEADLINE 9/11/11**

If at all possible, please complete your submission by September 11, 2011. It is best if you make your initial submission well in advance of that date, which will allow your track chair to work with you to improve the abstract and make sure all other information is complete and correct. Early submitters will:

- Be assigned the most attractive time slots
- Receive longer and better exposure to attendees
- Will not have to compete with later submissions which might be similar

Presentations submitted by 9/11/11 will get a final decision on acceptance by Monday September 19<sup>th</sup> by your track chair

**FINAL SUBMISSION DEADLINE 11/11/11**

Track chairs will continue to solicit presentations as needed until November 11<sup>th</sup>.

**PAPER or PRESENTATION DELIVERY DEADLINE DECEMBER 15, 2011**

Presenters who are accepted must provide their presentation or paper by December 15<sup>th</sup> 2011 or their slot and presentation may be cancelled. They will be reminded repeatedly about this critical deadline.
